2026-2028 Renewal Information

In addition to paper renewal submission by mail, the MREC will once again be accepting online renewals for the 2026 renewal period. License renewal FOR BROKERS and ENTITIES begins in April 2026 with a deadline to renew by June 30, 2026.

License renewal FOR SALESPERSONS begins in July 2026 with a midnight, September 30, 2026, deadline.

To renew online, address and name information must be current, and continuing education courses must be on file with the MREC. Remember, schools have 10 days to furnish course completion information to the Commission.

When renewing online (Home | MO PRO) you will have several electronic payment options (credit card, debit card, electronic bank draft/check). Along with the renewal fee, MOPRO Convenience Fee (collected by Professional Registration) and a processing fee will be charged by the vendor who processes your payment. You must register your account before you can renew online (2025 MOPRO - How to Register).

Confirmation will be provided when the online renewal is complete (you must have an email account); however, please note that **CONFIRMATION OF A COMPLETE ON-LINE RENEWAL DOES NOT MEAN YOUR LICENSE IS RENEWED, ONLY THAT YOUR RENEWAL HAS BEEN RECEIVED. Your license cannot be issued until the broker or both the entity and designated broker have renewed.** You may use the Commission's Licensee Search at License Search Page | MO PRO to verify that your license has been renewed. Click on the eye icon to verify your expiration date has changed to 2028.

If you plan to renew online, please carefully review the attached information.

BEFORE YOU CAN RENEW ONLINE . . . .

You will not be able to renew online until the Commission is in receipt of the following:

.

- You must register your account before you can renew online (2025 MOPRO - How to Register).

- Completion of the continuing education requirement must on file with the MREC office.

Your license cannot be renewed unless you have satisfied the 12-hour continuing education requirement, at least 3 hours of which must be an approved REQUIRED core course on Fair Housing.

To avoid delays, advise the Commission of name and address changes immediately. Schedule your CE classes TODAY. Don't wait! As always, you still have the option to submit a paper renewal and attach any requested information.

IMPORTANT REMINDERS

- **You must register your account before you can renew online (2025 MOPRO - How to Register).**

Important Notice Regarding Continuing Education (CE) Hours:

The Commission has identified a potential issue with the new licensure system that may affect how continuing education (CE) hours are calculated and displayed. We sincerely apologize for any inconvenience this may cause and appreciate your patience as we work through this matter.

Licensees are strongly encouraged to independently verify their CE completion hours using their personal records and certificates of completion, rather than relying solely on the totals reflected in the system.

When renewing your license if you indicate that you have completed the required CE hours, and it is later determined that you have not:

- Your license may be subject to disciplinary action.
- You may be required to complete additional continuing education.

It is ultimately the responsibility of each licensee to ensure that all continuing education requirements have been satisfied prior to renewal.

Fair Housing CORE Mandate for 2026-2028 License Renewal Period (Current Renewal Period)
RULE 20 CSR 2250-10.100 Continuing Education Requirements for Licensees (3) states, "At least three (3) hours of the twelve (12) hours of approved instruction shall be taken in a course identified by the Missouri Real Estate Commission and noticed on its official website, no later than March 31 of each even-numbered year as a core course for the following renewal period."

The current broker and salesperson renewal for the 2026-2028 license period will require an approved CORE course on Fair Housing. As you know, Missouri regulations currently require 12 hours of continuing education, of which at least 3 hours must be a CORE course. Therefore, if a licensee only takes one CORE course for this renewal period (2026-2028), it must be a Fair Housing course. The licensee can, however, take all 12 hours comprised of CORE courses if they choose to do so.
